Fetching people search opt-out list

Fetching Privacy Guides data broker removal page

Here's the list of 20+ sites/services that can remove or suppress personal information from the internet. I've broken them into **automated services** (do the work for you) and **manual opt-out targets** (the actual data broker/people-search sites you'd submit removal requests to).

Automated Data Removal Services

These are services you pay or use to scan and submit opt-out/deletion requests across many data brokers at once:

#	Service	Notes
1	Optery (optery.com)	~68% success rate per CR study; free scans + paid plans for automated removal
2	EasyOptOuts (easyoptouts.com)	\$20/yr, Privacy Guides top pick, 65% success rate, re-scans every 4 months
